

Teddy Bears Picnic

Oide

Once upon a time, the teddy bears gathered in a sunny forest clearing for a picnic. They set out blankets, baskets, and all sorts of treats.

As the bears unpacked their picnic, they wanted to make sure everyone got exactly the same amount of food, so no one felt left out. "How can we share everything fairly?" asked Bella Bear.

Teddy Bears Picnic

Oide

What food might the teddy bears have at their picnic?

Use play dough, string, blocks, or other materials to make some pretend treats.

For each treat, share it so every teddy bear gets an equal piece.
